

**Climate Sense**  
incorporating  
**Copenhagen Climate Challenge**  
with **Weather Action**  
and **The Campaign Against Carbon Capitalism**

invite you to

**Climate fools' day**

(in memory of the passing of the Climate Bill on 29.10.08)  
*organised through Sammy Wilson MP and supported by Graham Stringer MP.*

**Wednesday 27th October from 2pm to 4pm**  
**House of Commons: Committee Room 16**

Introduced by Jens Robdrup from Denmark, the founder of **Climate Sense**.  
There will be short presentations from:

Christopher Booker: **“The most expensive Bill in History”**

Piers Corbyn: **“Successfully predicting extreme weather events”**

Revd Philip Foster: **“Climate reality: the long view”**

**followed by open discussion of the issues and where to take things on from here.**

**We are delighted to welcome, Christopher Chope, David Davies and John Redwood.**  
**Also Peter Gill, physicist, Dr Ian Strangeways - expert in meteorological thermometry,**  
**Hans Schreuder of mensa**

**Christopher Booker** is the well known *Sunday Telegraph* columnist

**Piers Corbyn** is an astrophysicist and the founder and director of *Weather Action* long range forecasting

**Revd Philip Foster** is the author of *While the Earth Endures: Creation Cosmology and Climate Change*  
(foreword by David Bellamy) and publisher in the UK of *Climategate: the CRU tape letters*  
by Mosher & Fuller

**Jens Robdrup** is founder of *Climate Sense* and chief initiator of the *Copenhagen Climate Challenge* in  
December 2009.

*If you are coming from outside the Palace of Westminster please allow time for passing through security*
